# **MUSIC PERFORMANCE STANDARDS**

Use this rubric to help you in your All-Region preparations. Class pass-offs should be performed at a Level 3. Your goal is to reach Level 4 or 5 by audition day.

## **LEVEL 1**

There is a **SUPERFICIAL** level of preparation. Wrong notes & rhythms are a constant distraction. Little or no attention to articulation & dynamics is evident.

## **LEVEL 2**

An awareness of the key is present, though **FREQUENT ERRORS** may occur in notes & rhythms. Inconsistencies in tone quality may exist outside the comfortable register of the instrument. Tempos are constant, but may be a lot slower than required. There is some dynamic contrast. Frequent or occasional stops prevent any meaningful musical communication.

## **LEVEL 3**

Comprehension is demonstrated, as note & rhythmic errors are **ALMOST NONEXISTENT**. Stops (if any) are minor & recovered-from quickly. Rhythms are performed correctly but may be uneven or sometimes change tempo. Dynamics are present & **CONVINCING**. Correct articulation is present but may be inconsistent. Tone quality is good but may suffer in technical passages. Phrasing has been addressed. Occasional displays of musical expression which elevate the piece beyond mere notes.

## **LEVEL 4**

Notes, rhythms, articulations, dynamics & phrasing are correct and **PERFORMED CONFIDENTLY**. Slight errors are handled without stopping. Tempos are appropriate for the the etude & the skill & musicianship of the performer. The performance would always receive a Division 1 rating by UIL standards & may qualify the performer for membership in the All-Region Band!

## **LEVEL 5**

The performer executes **ALL** of the technical demands of the piece fluently. Minor inconsistencies in performance. Moments of true artistic expression are frequent as all elements of well-prepared performance are in place. The performance would be worthy of Outstanding Soloist recognition at a solo competition & would **GUARANTEE** the performer membership in the All-Region Band!
